April 15, April 18-20

PARCC Testing Grade 4

April 21-22, April 25-26

PARCC Testing Grade 3

Note from the Nurse:

RE: Grade 6 Immunization Requirements

Any student 11 years of age or older and entering 6th grade is required to receive two additional immunizations. Most physicians are now administering these immunizations at age 10. Please contact your doctor to schedule an appointment. These requirements are:

Tetanus-diphtheria-pertussis vaccine (Tdap)

Meningococcal vaccine

In order for your child to enter 6th grade, you must provide the school nurse with written documentation that these immunizations have been received by your child. In the event your child turns 11 after he/she starts 6th grade, written proof of immunizations must be provided to the school nurse within two weeks of your child's 11th birthday. Failure to meet these immunization requirements will result in exclusion from school.

If your child does not have health insurance, either of these two agencies may be able to help:

Cumberland County Shots for Tots Program: 856-327-7602

CompleteCare Health Network: 856-451-4700
